

# St Mary of the Angels Catholic Primary School

Head teacher: Mrs. C.M. O'Hara B.Ed DPSE

Thursday 11<sup>th</sup> June 2020

Dear Parents,

In line with the statutory requirement to teach Relationship Education, we have introduced a new Relationship Education programme, written for Catholic Primary Schools, entitled "Life to the Full". This is a valuable resource for teaching children about their emotional well-being and personal relationships. As this is a particular priority for all children, during these difficult times, teachers from Year 1 upwards will, in the next few weeks, be using some of these lessons to help children to discuss their feelings, well-being and relationships.

To help those children learning from home and to inform parents of children who are being taught at school, teachers will be directing you to lessons that you can access on the TenTen parent portal.

To access the parent portal, please visit <https://www.tentenresources.co.uk/parent-portal/>

Then login using

Username: **mary-angel-ws9**

Password: **west-777**

Class teachers will add links to lessons to the weekly planning and these can then be copied and pasted into the browser once you have logged in to the portal.

A lesson will then load with a Powerpoint and videos to use. In the downloads section a lesson plan is also available to follow with any activities to view online.

The screenshot shows the TenTen Resources website interface. At the top, it says "You are logged in as mary-angel-ws9". The main content area is titled "Session 2: Treat Others Well...". It features a video player with the title "Treat others WELL..." and a "Downloads" section below it. The page also includes a navigation menu and a search bar.

These lessons have proven enjoyable and thought provoking in previous terms, and I am sure that the children will find these equally valuable this half term, too.

If you have any questions, please feel free to ask.

Yours sincerely

Emma Hayes

Assistant Head teacher
