Key Facts:

- Chocolate comes from a fruit tree; it starts as a seed.
- Christopher Columbus brought it back to Spain along with other exotic foods.
- Most of the world's cocoa is grown in a narrow belt ten degrees either side of the Equator. Cocoa trees need humid, tropical conditions with regular rainfall.
- Cocoa beans were used as currency for trading.
- Since the 2000s, two thirds of the world's cocoa beans are grown in West Africa. Ivory Coast produces around half of this amount.
- Cadbury World is located in Bourneville, a suburb of Birmingham.
